

- If time and conditions permit, classified material should be properly stowed.

Above all, students must respond to fire alarms by exiting the building in an orderly fashion.

Medical

The Naval War College has a full time Independent Duty Corpsman (IDC) and clinic in Room C-110. The IDC is available for sickcall, Monday through Friday from 0730 to 0830, and 1230 to 1330, and throughout the day (with the exception of 1100-1230) for walk-ins. Services include the ability to dispense some commonly prescribed medications, and to write some prescriptions and refills. Additionally, the IDC can facilitate a consultation with a physician if necessary. Military students are required to see the IDC at the NWC clinic for non-emergency treatment prior to going to the Navy Ambulatory Care Clinic. Additionally, students must inform the IDC of any scheduled required or elective surgery. In so far as possible, elective procedures will be scheduled on a not to interfere basis with the academic schedule.

Flight Physicals

Flight physicals are available for **ALL** military services by contacting the NWC Independent Duty Corpsman either in person, via telephone or e-mail. Due to the limited availability of flight surgeons, the IDC will contact aviators monthly via email to schedule appointments. Flight physicals begin at 0630 with lab work, tests, etc., so that a minimum of class time is missed.

Ambulance

The base Fire Department provides an ambulance service for dispatch to all on base and some housing area medical emergencies through telephone 911. For residents of Greene Lane, Melville, or Fort Adams government housing areas, calls to this number will be forwarded to the local city fire department rescue squad serving that area to reduce reaction time. If you live off base in private housing, you are required to call 911 for ambulance service. The ambulance crew should be informed of your military status, and the casualty brought to the Newport Hospital Emergency Room.

Dental

NWC has a full time dentist and a fully equipped clinic in Room C-106. Dental records for all military personnel are maintained at the College. Non-emergency treatment may be scheduled by making an appointment in person or by phone: 841-4305. Emergency treatment is available immediately.
